

Photograph/Video/Media Permission

Classroom Photos

Throughout the year we will digitally photograph or video/film the children to document activities in the classroom as part of our early childhood education practice. All photos of the children are taken on school-issued iPads, assigned to each classroom and kept securely. These photos will be shared regularly with class families by email and our text message platform, and we ask all families do not share any school photos of other children on social media at any time.

- Yes, I give permission for my child's photo to be taken and shared for class purposes.

Outside the Classroom

For non-profit purposes, we also have the opportunity to display and distribute photos of the children in Temple print materials and emails (only seen by Temple members and prospective families) as well as social media pages and on our website. Children will never be identified by name or age/class, and on social media we will not include photos of the children that make them easily identifiable.

- Yes, I give permission for my child's photo to be used in Temple print and email communications.
- Yes, I give permission for my child's photo to be used on social media.
- Yes, I give permission for my child's photo to be used on the TBS website.
